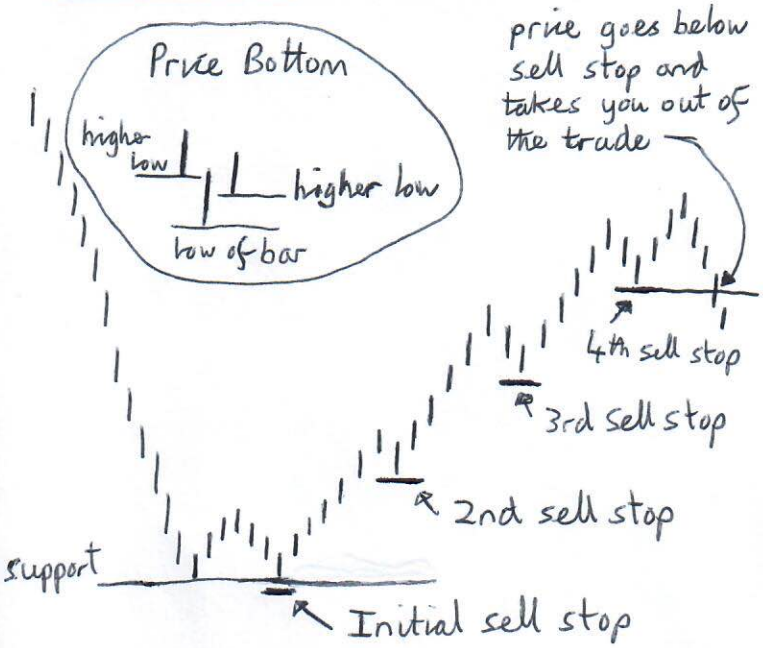
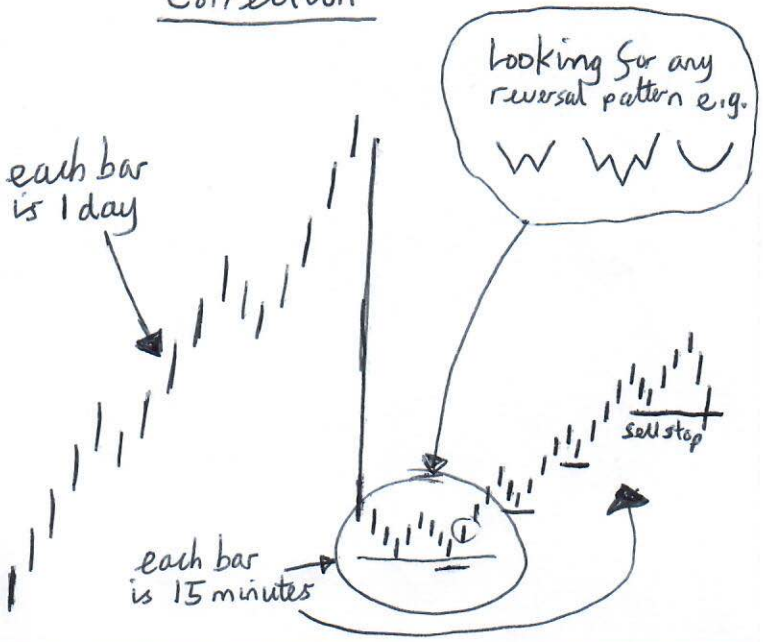
Session 8 How To Use Sell Stops

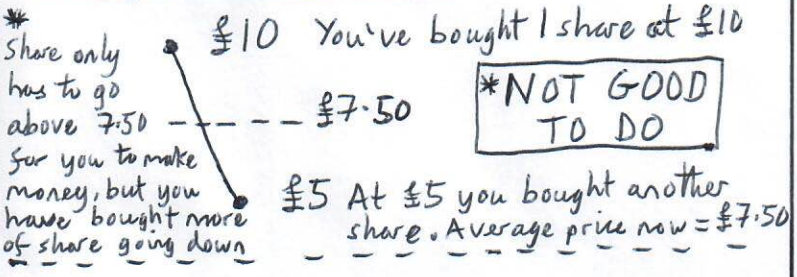


Session 8 News Over Reaction Correction

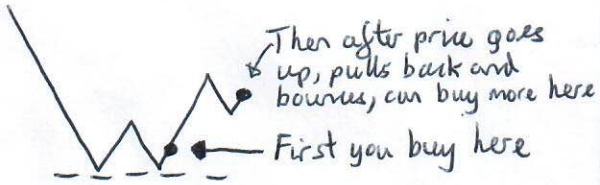


Session 9 Averaging Down / Up

Averaging Down Example

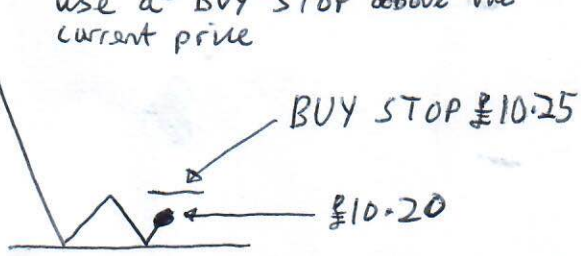


Averaging Up



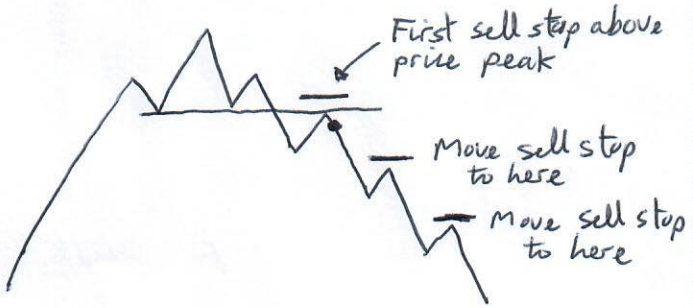
Session 10 Placing Buy Orders When The Market Is Closed

If the market is closed and you want to buy the next day, to make sure the price is moving in your direction up use a BUY STOP above the current price



BUY STOP = Only buy if the price goes up to your buy stop level.

Session 10 Moving sell stop on down trade



Session 10 Bad Company Turn Around Strategy ($2 to $10 stocks)
