Goal:

Between Now And 15th September 2022 **I have mastered investing and make an income from it that is more than enough to pay for my current lifestyle without me having to work ever again.**

Pain If I don't achieve this goal

1) I wont be able to get married and start a family
2) I wont be able to have my own car
3) I wont get out of debt
4) I wont have financial freedom
5) I can't buy my own house
6) I'll be stuck in the same place of my life
7) I will have to work for the rest of my life
8) I will not be able to enjoy my life

Pleasure If I do achieve this goal

1) I'll be able to buy my houses in Ibiza, California and Dubai
2) I will have the freedom to do whatever I want whenever I want
3) I will be able to buy the Bronco raptor I want
4) I will be able to contribute to our house we are building
5) Reem will become less stressed and be able to retire ealier
6) I can start to help my family business with seed capital
7) I can give back to the world and build schools and housing for those in need
8) I'll be able to buy my yacht which our family will spend the summers on in the med

And how does that make me feel?
